Job Description

Maintenance Worker I will be required to perform semi-skilled duties involved in the maintenance, repair, installation, and construction of the water and wastewater distribution systems and facilities. This is the entry level in the class series. Positions at this level usually perform most of the duties required of the positions at the II level, but are not expected to function at the same skill level and usually exercise less independent discretion and judgment in matters related to work procedures and methods.

Experience

One year of experience in performing general construction or mechanical equipment maintenance work involving the use of hand and power tools and the operation of non-commercial trucks.

Requirement

Possession of a valid California Class "C" driver's license. Must obtain and maintain a Commercial Class "B" California Drivers License with HAZ/MAT and TANKER endorsement within one year from date of hire.

Maintain a clean driving record for insurability through the City of San Jacinto.

Additional Requirements

All employment offers are contingent upon successful completion of a pre-employment physical exam and a criminal background investigation which includes finger printing.

See job description for complete detail of position and requirements
